Growing Skype Sessions For Discippling

We set up Skype sessions (and of course, face to face sessions as well), with the mindset of **an 'intentional approach'**. We focus on spiritual growth and deepening relationships with Christ. Each session is established, according to the participant's needs such as personal mentoring, building a foundation on Christian values, and going through the Scripture.

The Voice of Participants

"Although I go to a church every week, I have never had a mentoring relationship. My mentor really helps me to stay focused on Christ through the Word and wise advice." – E.H

"I was praying to meet Christians who have the same mindset about spiritual growth. I'm blessed to have the Bible studies through Second Level." –A.B

"Step Lessons have important topics that I need to learn, and they helped my spiritual growth. I appreciated the Q&A follow-ups." –Y.H

"I served as a mentor, and it's a true reward to see the spiritual reward in my mentee's life."-Y.S

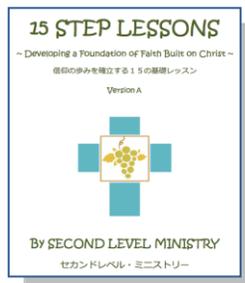

Several times this year non-believers have become interested in what we are doing, and the Lord has brought them to faith in Christ. Our hope is to raise disciples of Christ in obedience to His command in Matthew 28:19-20.

It's been very encouraging to see people with whom we follow up that fully experiencing the Lord, enjoy learning the Scripture, and produce spiritual fruit in their lives as the Lord matures their character. We will continue to be faithful as the Lord gives us opportunity to serve.

Two New Bible Study Textbooks as E-books!

"Living As a Disciple of Christ" is written to provide a Scriptural look at the heart of the disciples of Christ. It looks at the priorities that drive their lives. This Study is dedicated and developed for those who are faithful and obedient to the Word and want to be more Christ-like.

There are 8 Chapters. We are already using this textbook with discipling sessions. E-book version is available on our website!

The other textbook with an e-book format is **"15 Step Lessons"**. This one was already made into a regular book last year, but we just started to offer this as a Kindle version. We are in the process of making it available into other e-books format as well. Remember, you can use our website for the Step Lessons and receive Q&A follow-ups (for Japanese new Christians)!

CBiC (Creative Bridge-Builders in Christ Conference), Vancouver, Canada June28-July1, 2013

- Raising the awareness of discipling
- Building network for Japanese Christians
- Workshops by Second Level
- Practical planning for mentoring/discipling
