

# Second Level Newsletter from OKINAWA

~VOL 3 ~ July 2012

Hallelujah! We serve Almighty God. I thank God for who He is and that He is able and willing to come into our lives. Time has flown by. I am having a wonderful time with my family and friends, but I am also experiencing flesh vs. Spiritual battles. I know I win if I don't give up.

I have God's favor in that my best friend in mainland (Tokyo) came to visit me, and two others are on the way. My sister also came from Mainland Japan (Fukuoka), and I met my nephews for the first time.

I have seen some miracles in Okinawa. Many are depressed and captured by generational curses. One of my sisters in Christ was fed up with captivity and commanded Satan to release her mind, and he did. She has been depressed over 12 years and attempted suicide, yet God kept her life for reason. Praise God for freedom. *Jesus looked at them intently and said, 'Humanly speaking, it is impossible. But with God everything is possible.'* *Matthew 19:26*

I have been teaching Second level discipleship class with KBF people and just started it at my church last week as well. I have been invited to many community Bible study groups to share my testimony with brothers and sisters in Christ as well as hear their testimonies. More and more, I am confident that there is only one God, and He is giving messages to people who worship false gods. *Isaiah 45 says that even you don't know me, I gave you a name; there is no other god but me and I make you strong.*

Please continue to pray for people who still don't know our Father.

I shall be back in 2 weeks.

In Him, Wakako
